Re:	Application Number: 10/708,778 CC:		

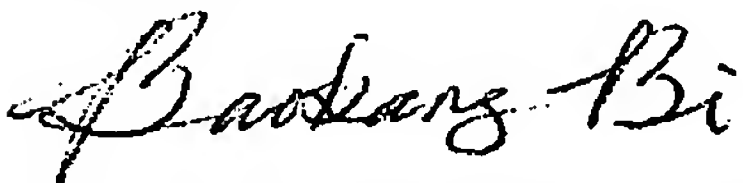

Dear Ms. Rutledge,

Thank you very much for contacting me by phone on 1/9/2007 regarding my application (US Patent App. No.:10/708,778). I have re-checked the claim section. The recommended changes are reflected on the following page.

Since the page format on the ABX generated file is different from the pages you are using, it would be difficult for me to refer directly to the line numbers. Therefore, I have included a short phrase for each correction in order to facilitate locating these changes.

Sincerely yours,

Baokang Bi
